EDUCATION

BSC.Csit

vedas college, Tribhuvan University
2024 - Running

Higher secondary school(+2), Science

Premier College
2020 - 2022

SKILLS

- Computer Networking (TCP/IP, IP Addressing, Routing & Switching, Network Troubleshooting)
- Web Development (HTML, CSS, JavaScript, Basic PHP)
- Programming Languages (C, C++, Python, Java)
- Database Management (SQL, MySQL)
- Cisco Packet Tracer, Git/GitHub, Visual Studio Code, Microsoft Office
- Problem Solving, Analytical Thinking, and Troubleshooting
- Teamwork, Communication, Adaptability, and Willingness to Learn

PROFILE

B.Sc. CSIT student currently in the 6th semester with knowledge of computer networking, web development, and programming. Interested in networking and IT support, with a willingness to learn, adapt, and contribute to organizational success while developing professional skills.

ACADEMIC PROJECTS

Computer Network Design and Simulation

Designed and configured a simulated computer network using Cisco Packet Tracer. Implemented IP addressing, routing, switching, and basic network troubleshooting while gaining practical experience with network configuration and connectivity testing.

Student Management System

Developed a database-driven application to manage student records, including adding, updating, searching, and deleting information. Applied programming concepts and SQL to perform efficient data management and retrieval.

Personal Portfolio Website

Created a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase academic projects, technical skills, and personal information. Focused on user-friendly design, responsive layouts, and clean code structure.
